

Technical data sheet

ONDUVILLA® VERGE

TDS-PH062025

Material/Application

Accessory designed to provide a neat weatherproof seal at the edge of the roof.

The VERGE PIECE highly contributes to the clay-tile look of ONDUVILLA® Roofing system.

Simplicity of installation is maintained, by using the same VERGE PIECE for both sides right/left.

Made of cellulosic fibers, natural pigments and bitumen. Manufactured using molding process (patented technology).

Full range matching all ONDUVILLA® colours (pigmented/painted).

Product characteristics

Length	L	1035 mm
Width	W	109 mm
Overall height	H	115 mm
Thickness	t	2.2 mm
Gross weight		0.46 kg
Item surface		.11 m ²

Packaging

Box	20 pcs
Pallet	20 boxes (400pcs)

Colors

Anthracite Black	Shaded Red
Shaded Green	Shaded Brown

Installation

At the starting side of the roof, the VERGE PIECE simply overlaps the first corrugation of ONDUVILLA®.

On the opposite side, the roof may not end with a corrugation: cut the last tile at the edge and bend it onto a batten in order to ensure appropriate watertightness. Then overlap the batten with the VERGE PIECE.

In addition to the usual fixing on top of the corrugation, side fixing is also necessary against wind uplift. Side fixing comes first, then finalize with top fixing.

For specific roof details, please refer to ONDUVILLA® fixing guide.

Warranty

All the claims will be considered with respect to application recommendations issued by Onduline company but see terms and conditions.

Tariff code - HS: 68079000

This TDS was made based on currently available information. Product was made in accordance with above mentioned parameters, but producer/distributor can't anticipate any future change as well as change of regulations. It is the consumer's responsibility to use the product in accordance to producer/ distributor recommendations and his needs. All the claims will be considered with respect to application recommendations issued by Onduline company but see terms and conditions. .
